

COOLIDGE SEEKS SLASH OF THE INCOME TAX

WOULD MEAN HUGE SAVING TO MANY OF THE TAXPAYERS

TWENTY-FIVE PER CENT TAX CUT WOULD SAVE THEM NEARLY HALF BILLION

IF RETROACTIVE REBATE IS GRANTED, WOULD LOP OFF 1 QUARTERLY PAYMENT

Congress Today By United Press

Senate: Norbeck - Burnett farm relief bill.
Oil committee hears E. B. McLean and other witnesses.
House: Routine business.
Ways and means subcommittee on bonus.

Washington, March 12.—The 25 per cent tax cut asked of congress by President Coolidge would mean a saving of \$458,888,241 to the taxpayers if their incomes in 1923 are the same as in 1922.

In 1923 taxpayers paid a total of \$1,835,552,966.22 on their incomes for 1922. If the retroactive rebate goes through congress, taxpayers could lop off one entire quarterly installment.

CONGRESS MAY MAKE CURT REFUSAL

Washington, March 12.—A curt refusal today appeared certain to be congress' reply to President Coolidge's urgent request for an immediate 25 per cent reduction in 1923 income taxes.

As a result taxpayers must pay the full amount of their tax and unless congress acts, the treasury department will be powerless to rebate a penny of the revenue collected.

House leaders were unmoved by Mr. Coolidge's message yesterday urging immediate adoption of the resolution permitting taxpayers to deduct a quarter of the tax. He pointed out that many had delayed making returns in expectation of the reduction.

McLEAN TESTIFIES BEFORE SENATE OIL COMMITTEE

Washington, March 12.—Albert B. Fall asked E. B. McLean to tell the senate oil committee the false story he recited concerning his \$100,000 loan. McLean revealed today under cross-examination when he took the stand.

Fall called McLean to Atlantic City and asked him to say the \$100,000 loan was made in cash, McLean said.

"He told me it had nothing to do with Teapot Dome," McLean added. It was in according to this request from his old friend who was plainly ill that he got himself involved in the oil scandal, McLean said. He denied with all the emphasis he could command that he was involved in any other way.

Showing signs of deep nervousness, the millionaire publisher appealed to the committee not to question him about irrelevant matters as he sought to explain the flood of code messages that recently have featured the committee hearings.

He expressed regret that he had not had the wisdom to steer clear of the matter, saying that if he had been wise he would be "farther away from it than Fall's ranches."

McLean denied that he had handled any oil stock pools or that he was in any way connected with the naval reserve leases under investigation.

In a lengthy statement to the investigators, McLean declared:

1. That he never knew Harry F. Sinclair, lessee of Teapot Dome or ever speculated in any of the Sinclair company's stocks.

2. That he does not know E. L. Doheny and never speculated in any Doheny stock.

3. That he knew former Secretary of the Navy Denby only as a personal friend and never had any official dealings with him.

4. That he speculated in Pure Oil stock in 1922 as an entirely per-

Call for National Third Party Convention June 17

CHINA RECOGNIZES RUSSIAN SOVIET WITH RESERVATIONS

(By United Press)
Peking, China, March 12.—The cabinet in special session today agreed to grant de jure recognition to the government of Russia, providing M. Karakhan, head of the Russian delegation here, accepts the Chinese interpretation of the agreement re-establishing diplomatic relations between the two nations.

It is understood the agreement will be signed jointly, as soon as Karakhan accepts the Chinese text of the document, the wording of which differs slightly from that of Russia.

The treaty provides that Russia should evacuate and renounce her extra-territorial rights, recognize China's sovereignty in Mongolia, etc.

sonal matter and that he handled none of the dealings of others reported to have been implicated in the transaction.

McLean revealed that he suffered a heavy loss in the Pure Oil deal.

DAUGHERTY COMMISSION ASKS FOR TELEGRAMS

Washington, March 12.—The Daugherty investigation committee today ordered telegraph companies to produce all telegrams received and sent by Jesse Smith, friend of the attorney general, who committed suicide in Daugherty's apartment.

Messages passing between November 4, 1920, and the time of Smith's death were asked for.

In making this announcement, Senator Burton K. Wheeler, democrat, Montana, who has charge of the investigation, said that the committee had taken up a new line and indicated that the relations of Daugherty and Smith might prove the initial point of attack instead of the Cantu revolution.

Investigation of bootlegging activities in the capital and elsewhere, efforts to secure pardons and paroles for bootleggers and the doling out of federal patronage will be gone into first by the committee, Wheeler indicated.

He refused to go into any details regarding his purpose, in calling for the Smith telegrams.

Showing up at his office after a mysterious 24 hours' absence, Wheeler today was accompanied by three persons identified to inquirers as Mr. Fink, Mr. Sterner and Mr. Stenson. They went into his office with him.

As a result of the change in plans, the open hearings may not start until Friday. Wheeler wants more time to get the new facts in shape for presentation.

Immediately upon arriving at his office, Wheeler was closeted with Senator Brookhart, appointed chairman of the committee, and A. B. Melzer of Butte, Montana, who will assist Wheeler at the open hearings.

After the conference Wheeler said he "doubted very much" if the committee now would proceed first with investigation of the department of justice's alleged interference in the Cantu revolution in 1921.

MYSTERIOUS OUT OF TOWN TRIP

Washington, March 12.—Brookhart declined to state what would be the subject of the first session of the conference, but said an important matter would be under discussion.

Information obtained by Senator Wheeler, democrat of Montana, on a mysterious out of town trip is believed to be responsible. William R. A. Hayes, manager of the Ungerleider company, brokers of Columbus, Ohio, was subpoenaed today by the committee to appear before it, "and bring with him certain documents."

DAUGHERTY COMMITTEE IN SESSION 4 P. M.

Washington, March 12.—The Daugherty investigating committee will hold its first open session at 4 o'clock this afternoon, Senator Brookhart, Iowa, announced.

State Legion Head Gives Warning Against Strife

St. Paul, Minn., March 12.—Ludwig Roe, Minnesota Legion commander, in an address last night warned the American Legion against factional strife.

He spoke before Merriam Park and St. Anthony Posts in Liberty hall, Selby and Snelling aves. In his address he also reminded legionnaires of their individual responsibility for work done in their own districts.

ROMANTIC LIFE OF DR. R. FRANK IN CALCIUM LIGHT

EFFORTS CENTER TO SEE IF HE HAD WED OTHER CALIFORNIA GIRLS

WAS ONE WOMAN'S HUSBAND AND ELOPED WITH HER ATTRACTIVE NIECE

(By United Press)
San Francisco, March 12.—Investigation of the romantic career of Dr. Robert Frank centered today on efforts to learn whether he had wed any additional California girls.

The discovery was made that in addition to being the husband of Mrs. Julia Cedarquist of Santa Rosa, California, and eloping with Mrs. Cedarquist's niece, Marion Christopher of Trade Lake, Wis., he was also claimed by Miss Henrietta Bubb of San Francisco as her husband.

This prompted the new phase of the investigation.

Mrs. Catherine Eisenhart, police-woman, spent today with Miss Bubb and Miss Christopher, questioning them in the hope of learning whether he had given them information which would lead to revelation of any additional romance.

B. P. W. C. Convention In St. Cloud June 6 and 7

St. Cloud, March 12.—Friday and Saturday, June 6 and 7, have been selected as the dates for the state convention of the Business and Professional Women's clubs, to be held in St. Cloud. These dates were decided on at a meeting of the executive board in Minneapolis. A national speaker will be here to give the principal address at the annual banquet to be held on the evening of June sixth. Preliminary plans for program and business sessions of the convention were outlined.

In addition to the executive board there were present representatives from more than twenty clubs in the state including St. Cloud, Faribault, Crookston, Stillwater, Rochester, Ellendale, Winona, Albert Lea, Duluth, Northfield and Austin. Following the meeting a dinner was served in the Minneapolis Women's club rooms after which all present attended the Women's Activities Exhibit in the old Daily News building.

CONFUSION IN SEATING DELEGATES

St. Cloud, Minn., March 12.—There is certain to be some confusion over the seating of delegates to the Farmer-Labor state convention here Friday.

Many county caucuses of Farmer-Laborites elected delegates to the Farmer-Labor convention, but many also elected delegates to the Non-partisan League convention. The Non-partisan League state convention was scheduled in Minneapolis today. Delegates named at county caucuses cannot attend both conventions, Farmer-Labor leaders here contended.

The fight between William Mahoney and Fred A. Pike, St. Paul, for control of the Farmer-Labor organization which has already sent two U. S. Senators and four congressmen to Washington, and which has elected a large number of state legislators, is responsible for the confusion, according to local leaders.

SAYS NORTHWEST 'CAN'T BE LICKED'

HOWARD ELLIOTT, N. P. CHAIRMAN, IN ST. PAUL ON WINTER TOUR OF SYSTEM

(St. Paul Daily News)
To see the northwest by winter is the avowed purpose of the visit of Howard Elliott, chairman of the board of directors of the Northern Pacific, who arrived in St. Paul from New York.

"Unarmed" with any statement to give to the press, he talked freely of business conditions in the northwest, hopeful of improvement and ever optimistic about the future.

Always Optimistic

"Citizens of the northwest can't be licked," he said. "They have been hurt in agriculture, but they won't quit. They are out this year to make business better and to regain that which may have been lost in an economic upheaval. I believe in the northwest and expect to see it steadily improve."

Mr. Elliott will leave in the morning on a "winter" tour of inspection of the lines to the Pacific coast.

"I want to talk to the superintendents, freight agents and men all along the line to see just how the railroad operates in the winter," he said. "Eastern financiers and business representatives are interested in the northwest and want to know the conditions. It is my purpose to get them first-hand and to advise them as accurately as possible."

A False Rumor

In speaking of the recent slump in Northern Pacific stock he said that it was just one of the things which happen on the stock market.

"We never had any intention of passing the quarterly dividend," he explained, "and I don't know how that rumor was ever circulated in financial circles."

Mr. Elliott had nothing to say concerning the land grant issue which has arisen in Washington where an attempt has been made to require the company to release to the government certain valuable timber lands given to the railroads in the original land grant.

"The supreme court in a clear decision upheld the right of the company to own the land," he said. "There is nothing more to say."

DYNAMITE BOMB WRECKS COFFEE HOUSE, 30 INJURED

Detroit, March 12.—A dynamite bomb, which exploded at the entrance of a Greek coffee house here early today, injured 30 persons and wrecked the building as well as another coffee house.

Cuts from flying glass comprised most of the injuries. Scores of persons sleeping in the upper floors of nearby buildings in the Greek district were endangered by the blast. Feudists are blamed by police.

CANADA CLAIMS AN EXPORT MONOPOLY

Winnipeg, Man., March 12.—Canada will soon have a virtual monopoly of the export trade in wheat from North America, according to Sir Herbert Holt, president of the Royal Bank of Canada, in his annual address to shareholders of the institution.

"Present tendencies in the United States," said Sir Herbert, "indicate that within the next few years the republic will produce only enough wheat for its domestic needs, leaving Canada, already the leading exporter of the world, as the sole exporter of wheat from North America."

"Canada's wheat exports to the world have increased more than 2,000 per cent, since 1900. In that year the Dominion shipped out 9,359,640 bushels of wheat. In the year ending Aug. 1, 1923, Canada's exports of wheat amounted to 229,681,000 bushels."

More Autos Than Phones In the United States

(By United Press)
Washington, March 12.—According to the United States Census Department there are 14,246,701 telephones in the United States. The official figures of the Automobile Chamber of Commerce says there are 14,500,000 automobiles in the United States. Naturally, that shows more autos than phones in the United States.

GAS EXPLOSION KILLS 3 MEN IN TRUESDALE MINE

SPARK FROM DRILL BELIEVED TO HAVE SET OFF POCKET OF GAS

COLLIERY IS LOCATED NEAR WILKESBARRE, PENN.-SYLVANIA

(By United Press)
Wilkes-Barre, Pa., March 12.—The bodies of three men killed by an explosion of gas in a rock tunnel of No. 12 slope, at the Truesdale colliery of the Glen Alden Coal company near here, were removed early today after rescue squads had worked several hours to reach them.

The dead are: Alex McCuish, 31, a former captain in the famous "Cameron Highlanders" during the war; Alex Stuart, 43, also a veteran in the British forces and an unidentified Norwegian laborer.

The explosion occurred about 9 o'clock last night while the men were driving a rock tunnel, and it is believed a spark from the drill set off a pocket of gas.

SCANDINAVIAN-AMERICAN BANK AFFAIRS AIRED

(By United Press)
Grand Forks, N. D., March 12.—A bench warrant was issued today for H. J. Hagen, former president of the Scandinavian American bank of Fargo, as a result of his failure to appear before Judge W. J. Keeshaw's court yesterday. His bonds of \$2,000 were ordered forfeited.

Hagen, understood to be at the bedside of his sick wife in Seattle, is charged with receiving deposits for the bank when he knew it to be insolvent. He is believed to be en route to Grand Forks now.

Hagen's case was the first called in the so-called Scandinavian bank cases, involving a number of former North Dakota officials and officers and former officials of the national non-partisan league, including Arthur C. Townley, its deposed president.

F. C. Heaton, former assistant cashier of the bank, is under indictment on a charge of making false entries on the bank records, and entered a plea of not guilty late yesterday.

NEW DIVISIONAL CHIEF OF DRY FORCES

(By United Press)
Washington, March 12.—Federal Prohibition Chief R. A. Haynes announced today that Addison G. Townsend, a former field supervisor, had been named divisional chief of division 12, comprising Minnesota, North and South Dakota, Iowa and Nebraska, with headquarters at Minneapolis.

He will take the place of H. O. Duncan, who will go to Florida to be chief of division 9, embodying Florida and Porto Rico.

Duncan will make his headquarters at Jacksonville and will relieve H. E. Hazeltine, who has had charge of that division since July 15, 1923.

MANIAC SHOTS DOWN 2, BEATS 1, NEAR BATAVIA, N. Y.

(By United Press)
Linden, N. Y., March 12.—Three persons, Mr. and Mrs. Thomas Whalley, both 55 years of age, and Mrs. Mabel Morse, 50 years old, residents of this village, 10 miles south of Batavia, were slain last night, apparently by a maniac.

Mr. and Mrs. Whalley were shot and Mrs. Morse beaten to death with the handle of an axe. The bodies were found in a bedroom and covered with a blanket which was soaked with oil. The bed had been set on fire, but the crime was discovered before the flames had spread.

A posse is searching the country.

CLAIM DOPE RING IN ST. CLOUD WITH CHILDREN VICTIMS

FEDERAL NARCOTIC AGENTS CLAIM TO HAVE GAINED EVIDENCE

INVOLVE FOUR PHYSICIANS AND DRUGGISTS IN ALLEGED RING

(By United Press)
St. Cloud, March 12.—Posing as drug addicts so effectively that they were arrested by St. Cloud police, two federal narcotic agents today involved four St. Cloud physicians and druggists in a dope ring which has been preying upon school pupils here.

Information against the four has been presented to U. S. District Attorney Lafayette French, who will seek indictments before the federal grand jury.

Narcotic agents came to St. Cloud some time ago, bringing with them a drug addict as a stool pigeon. This didn't work, so they began seeking it themselves. So effectively did they assume the role that they purchased large quantities of morphine and opium with prescription and by direct sale.

Police arrested them, but they presented their credentials and were released.

Operative No. 38 gave the two St. Cloud physicians the wink and the individual diagnosed his case as cancer of the stomach, so that the addict, frightened, went to another physician who told him that he was all right. He returned to the first physician and asked for more drugs. This time the doctor told him he had irregular heart action. The operative laughed, took his own pulse which showed normal and accepted the drug.

Violations of the narcotic laws had been so flagrant that conviction of those involved will save at least a score of young boys from the fate of addicts, operatives declared.

KEROSENE CAN EXPLODES, FOUR BADLY BURNED

Fergus Falls, Minn., March 12.—Mr. and Mrs. Otto Schachtschneider and daughter Emma, 18, and grandson Arnold Lund, 5, were all badly burned at their home 10 miles west of here last night when a kerosene can exploded.

Emma poured oil on the dining room stove fire and the can ignited, exploding, and terribly wounding and burning the girl. She probably will die. The others were badly burned but physicians said they would live.

Hazleton, N. D., March 12.—The state railroad and warehouse commission here today will hear the petition of the Braddock Telephone Company for permission to construct a toll line between Hazleton and Braddock.

1,000 DELEGATES EXPECTED PRESENT IN THE TWIN CITIES

NOT LIMITED TO FARMER-LABOR, PROGRESSIVES OR NON-PARTISAN DELEGATES

NEW PLATFORM SAID TO MEET LIBERAL POLITICAL FAITH, PLANKS STATED

(By United Press)
St. Paul, March 12.—The call for a national third party convention in the Twin Cities June 17th went out today.

Almost any political group subscribing to the platform adopted can secure representation to the convention under the call.

The meeting is not limited to farmer-labor, progressives or non-partisan delegates. More than 1,000 delegates from all states are expected to attend.

The platform adopted at a conference of 40 delegates from eight states was made public at the close of the session last night. Almost anyone of liberal political faith could subscribe to the platform, the most important planks of which merely state:

"Wall street and the present economic system are responsible for the increased concentration of wealth and the increase in political corruption. Such a system is responsible for the use of the labor injunction."

"The time is ripe for a change from the old political parties to a new party founded on the belief of public ownership, public control of natural resources, restoration of civil liberty and abolition of the use of the injunction in labor and industrial disputes."

On the basis of representation decided upon, calls for one delegate for each electorate, one vote for each 5,000 votes cast in any state in the election in 1922 for a "progressive candidate."

Five votes are allowed for each national political organization which subscribes to the platform, and one delegate for each national economic organization is also allowed.

Further, one delegate will be seated from each local farm or labor organization, one from professional or businessmen's progressive organizations, co-operatives or units of the non-partisan league or working people's non-partisan political league, five delegates from each state progressive political party legally recognized and one delegate bearing credentials from any group of 25 or more farmers.

It was stated the convention would be held in the Twin Cities, but the exact place was left to a committee, William Mahoney, St. Paul labor leader, is chairman of the committee.

The state non-partisan league convention and the working people's non-partisan political league conventions will be held in Minneapolis tomorrow, and the state conventions of the farmer-labor party will be held in St. Cloud Friday.

North Dakota Women's Christian Temperance Union Convention

(By United Press)
Fargo, N. D., March 12.—The executive committee of the North Dakota Women's Christian Temperance Union goes into session here tomorrow preliminary to the midwinter jubilee meeting of the state organization Friday.

Friday's program, which will end with the Golden Jubilee dinner Friday evening in the First Lutheran church, starts at 2 p. m. with the introduction of the national guest, Mrs. Margaret C. Munn of Evanston, Ill.

Speakers for the afternoon include Mrs. H. L. Bolley, Dr. John Lee Coulter, president of the North Dakota Agricultural college and Mrs. Munn.

THE BRAINERD DAILY DISPATCH

Volume 23, Number 239

BRAINERD MINNESOTA, WEDNESDAY, MARCH 12, 1924

Price Three Cents

COOLIDGE SEEKS SLASH OF THE INCOME TAX

WOULD MEAN HUGE SAVING TO MANY OF THE TAXPAYERS

TWENTY-FIVE PER CENT TAX CUT WOULD SAVE THEM NEARLY HALF BILLION

Congress Today By United Press

Senate: Norbeck - Burtless farm relief bill.
Oil committee hears E. B. McLean and other witnesses.
House: Routine business.
Ways and means subcommittee on bonus.

Washington, March 12.—The 25 per cent tax cut asked of congress by President Coolidge would mean a saving of \$458,888,241 to the taxpayers if their incomes in 1923 are the same as in 1922.

In 1923 taxpayers paid a total of \$1,835,552,966.22 on their incomes for 1922. If the retroactive rebate goes through congress, taxpayers could lop off one entire quarterly installment.

CONGRESS MAY MAKE CURT REFUSAL

Washington, March 12.—A curt refusal today appeared certain to be congress' reply to President Coolidge's urgent request for an immediate 25 per cent reduction in 1923 income taxes.

As a result taxpayers must pay the full amount of their tax and unless congress acts, the treasury department will be powerless to rebate a penny of the revenue collected.

House leaders were unmoved by Mr. Coolidge's message yesterday urging immediate adoption of the resolution permitting taxpayers to deduct a quarter of the tax. He pointed out that many had delayed making returns in expectation of the reduction.

McLEAN TESTIFIES BEFORE SENATE OIL COMMITTEE

Washington, March 12.—Albert B. Fall asked E. B. McLean to tell the senate oil committee the false story he recited concerning his \$100,000 loan, McLean revealed today under cross-examination when he took the stand.

Fall called McLean to Atlantic City and asked him to say the \$100,000 loan was made in cash, McLean said.

"He told me it had nothing to do with Teapot Dome," McLean added. It was in according to this request from his old friend who was plainly ill that he got himself involved in the oil scandal, McLean said. He denied with all the emphasis he could command that he was involved in any other way.

Showing signs of deep nervousness, the millionaire publisher appealed to the committee not to question him about irrelevant matters as he sought to explain the flood of code messages that recently have featured the committee hearings.

He expressed regret that he had not had the wisdom to steer clear of the matter, saying that if he had been wise he would be "farther away from it than Fall's ranches."

McLean denied that he had handled any oil stock pools or that he was in any way connected with the naval reserve leases under investigation. In a lengthy statement to the investigators, McLean declared:

1. That he never knew Harry F. Sinclair, lessee of Teapot Dome or ever speculated in any of the Sinclair company's stocks.
2. That he does not know E. L. Doheny and never speculated in any Doheny stock.
3. That he knew former Secretary of the Navy Denby only as a personal friend and never had any official dealings with him.
4. That he speculated in Pure Oil stock in 1922 as an entirely per-

Call for National Third Party Convention June 17

CHINA RECOGNIZES RUSSIAN SOVIET WITH RESERVATIONS

(By United Press)

Peking, China, March 12.—The cabinet in special session today agreed to grant de jure recognition to the government of Russia, providing M. Karakhan, head of the Russian delegation here, accepts the Chinese interpretation of the agreement re-establishing diplomatic relations between the two nations.

It is understood the agreement will be signed jointly, as soon as Karakhan accepts the Chinese text of the document, the wording of which differs slightly from that of Russia.

The treaty provides that Russia should evacuate and renounce her extra-territorial rights, recognize China's sovereignty in Mongolia, etc.

sonal matter and that he handled none of the dealings of others reported to have been implicated in the transaction.

McLean revealed that he suffered a heavy loss in the Pure Oil deal.

DAUGHERTY COMMISSION ASKS FOR TELEGRAMS

Washington, March 12.—The Daugherty investigation committee today ordered telegraph companies to produce all telegrams received and sent by Jesse Smith, friend of the attorney general, who committed suicide in Daugherty's apartment.

Messages passing between November 4, 1920, and the time of Smith's death were asked for.

In making this announcement, Senator Burton K. Wheeler, democrat, Montana, who has charge of the investigation, said that the committee had taken up a new line and indicated that the relations of Daugherty and Smith might prove the initial point of attack instead of the Cantu revolution.

Investigation of bootlegging activities in the capital and elsewhere, efforts to secure pardons and paroles for bootleggers and the doling out of federal patronage will be gone into first by the committee, Wheeler indicated.

He refused to go into any details regarding his purpose, in calling for the Smith telegrams.

Showing up at his office after a mysterious 24 hours' absence, Wheeler today was accompanied by three persons identified to inquirers as Mr. Fink, Mr. Sterner and Mr. Stenson. They went into his office with him.

As a result of the change in plans, the open hearings may not start until Friday. Wheeler wants more time to get the new facts in shape for presentation.

Immediately upon arriving at his office, Wheeler was closeted with Senator Brookhart, appointed chairman of the committee, and A. B. Melzer of Butte, Montana, who will assist Wheeler at the open hearings.

After the conference Wheeler said he "doubted very much" if the committee now would proceed first with investigation of the department of justice's alleged interference in the Cantu revolution in 1921.

MYSTERIOUS OUT OF TOWN TRIP

Washington, March 12.—Brookhart declined to state what would be the subject of the first session of the conference, but said an important matter would be under discussion.

Information obtained by Senator Wheeler, democrat of Montana, on a mysterious out of town trip is believed to be responsible. William R. A. Hayes, manager of the Ungerleider company, brokers of Columbus, Ohio, was subpoenaed today by the committee to appear before it, "and bring with him certain documents."

DAUGHERTY COMMITTEE IN SESSION 4 P. M.

Washington, March 12.—The Daugherty investigating committee will hold its first open session at 4 o'clock this afternoon, Senator Brookhart, Iowa, announced.

State Legion Head Gives Warning Against Strife

St. Paul, Minn., March 12.—Ludwig Roe, Minnesota Legion commander, in an address last night warned the American Legion against factional strife.

He spoke before Merriam Park and St. Anthony Posts in Liberty hall, Selby and Snelling aves. In his address he also reminded legionnaires of their individual responsibility for work done in their own districts.

ROMANTIC LIFE OF DR. R. FRANK IN CALCIUM LIGHT

EFFORTS CENTER TO SEE IF HE HAD WED OTHER CALIFORNIA GIRLS

WAS ONE WOMAN'S HUSBAND AND ELOPED WITH HER ATTRACTIVE NIECE

(By United Press)

San Francisco, March 12.—Investigation of the romantic career of Dr. Robert Frank centered today on efforts to learn whether he had wed any additional California girls.

The discovery was made that in addition to being the husband of Mrs. Julia Cedarquist of Santa Rosa, California, and eloping with Mrs. Cedarquist's niece, Marion Christopherson of Trade Lake, Wis., he was also claimed by Miss Henrietta Bubb of San Francisco as her husband.

This prompted the new phase of the investigation.

Mrs. Catherine Eisenhart, police-woman, spent today with Miss Bubb and Miss Christopherson, questioning them in the hope of learning whether he had given them information which would lead to revelation of any additional romance.

B. P. W. C. Convention In St. Cloud June 6 and 7

St. Cloud, March 12.—Friday and Saturday, June 6 and 7, have been selected as the dates for the state convention of the Business and Professional Women's clubs, to be held in St. Cloud. These dates were decided on at a meeting of the executive board in Minneapolis. A national speaker will be here to give the principal address at the annual banquet to be held on the evening of June sixth. Preliminary plans for program and business sessions of the convention were outlined.

In addition to the executive board there were present representatives from more than twenty clubs in the state including St. Cloud, Faribault, Crookston, Stillwater, Rochester, Ellendale, Winona, Albert Lea, Duluth, Northfield and Austin. Following the meeting a dinner was served in the Minneapolis Women's club rooms after which all present attended the Women's Activities Exhibit in the old Daily News building.

CONFUSION IN SEATING DELEGATES

St. Cloud, Minn., March 12.—There is certain to be some confusion over the seating of delegates to the Farmer-Labor state convention here Friday.

Many county caucuses of Farmer-Laborites elected delegates to the Farmer-Labor convention, but many also elected delegates to the Non-partisan League convention. The Non-partisan League state convention was scheduled in Minneapolis today. Delegates named at county caucuses cannot attend both conventions, Farmer-Labor leaders here contended.

The fight between William Mahoney and Fred A. Pike, St. Paul, for control of the Farmer-Labor organization which has already sent two U. S. Senators and four congressmen to Washington, and which has elected a large number of state legislators, is responsible for the confusion, according to local leaders.

SAYS NORTHWEST 'CAN'T BE LICKED'

HOWARD ELLIOTT, N. P. CHAIRMAN, IN ST. PAUL ON WINTER TOUR OF SYSTEM

(St. Paul Daily News)

To see the northwest by winter is the avowed purpose of the visit of Howard Elliott, chairman of the board of directors of the Northern Pacific, who arrived in St. Paul from New York.

"Unarmed" with any statement to give to the press, he talked freely of business conditions in the northwest, hopeful of improvement and ever optimistic about the future.

Always Optimistic

"Citizens of the northwest can't be licked," he said. "They have been hurt in agriculture, but they won't quit. They are out this year to make business better and to regain that which may have been lost in an economic upheaval. I believe in the northwest and expect to see it steadily improve."

Mr. Elliott will leave in the morning on a "winter" tour of inspection of the lines to the Pacific coast.

"I want to talk to the superintendents, freight agents and men all along the line to see just how the railroad operates in the winter," he said. "Eastern financiers and business representatives are interested in the northwest and want to know the conditions. It is my purpose to get them first-hand and to advise them as accurately as possible."

A False Rumor

In speaking of the recent slump in Northern Pacific stock he said that it was just one of the things which happen on the stock market.

"We never had any intention of passing the quarterly dividend," he explained, "and I don't know how that rumor was ever circulated in financial circles."

Mr. Elliott had nothing to say concerning the land grant issue which has arisen in Washington where an attempt has been made to require the company to release to the government certain valuable timber lands given to the railroads in the original land grant.

"The supreme court in a clear decision upheld the right of the company to own the land," he said. "There is nothing more to say."

DYNAMITE BOMB WRECKS COFFEE HOUSE, 30 INJURED

Detroit, March 12.—A dynamite bomb, which exploded at the entrance of a Greek coffee house here early today, injured 30 persons and wrecked the building as well as another coffee house.

Cuts from flying glass comprised most of the injuries. Scores of persons sleeping in the upper floors of nearby buildings in the Greek district were endangered by the blast. Feudists are blamed by police.

CANADA CLAIMS AN EXPORT MONOPOLY

Winnipeg, Man., March 12.—Canada will soon have a virtual monopoly of the export trade in wheat from North America, according to Sir Herbert Holt, president of the Royal Bank of Canada, in his annual address to shareholders of the institution.

"Present tendencies in the United States," said Sir Herbert, "indicate that within the next few years the republic will produce only enough wheat for its domestic needs, leaving Canada, already the leading exporter of the world, as the sole exporter of wheat from North America."

"Canada's wheat exports to the world have increased more than 2,000 per cent, since 1900. In that year the Dominion shipped out 9,359,640 bushels of wheat. In the year ending Aug. 1, 1923, Canada's exports of wheat amounted to 229,681,000 bushels."

More Autos Than Phones In the United States

(By United Press)

Washington, March 12.—According to the United States Census Department there are 14,346,701 telephones in the United States. The official figures of the Automobile Chamber of Commerce says there are 14,500,000 automobiles in the United States. Naturally, that shows more autos than phones in the United States.

GAS EXPLOSION KILLS 3 MEN IN TRUESDALE MINE

SPARK FROM DRILL BELIEVED TO HAVE SET OFF POCKET OF GAS

COLLIERY IS LOCATED NEAR WILKESBARRE, PENN.-SYLVANIA

(By United Press)

Wilkes-Barre, Pa., March 12.—The bodies of three men killed by an explosion of gas in a rock tunnel of No. 12 slope, at the Truesdale colliery of the Glen Alden Coal company near here, were removed early today after rescue squads had worked several hours to reach them.

The dead are:

Alex McCuish, 31, a former captain in the famous "Cameron Highlanders" during the war; Alex Stuart, 43, also a veteran in the British forces and an unidentified Norwegian laborer.

The explosion occurred about 9 o'clock last night while the men were driving a rock tunnel, and it is believed a spark from the drill set off a pocket of gas.

SCANDINAVIAN-AMERICAN BANK AFFAIRS AIRED

(By United Press)

Grand Forks, N. D., March 12.—A bench warrant was issued today for H. J. Hagen, former president of the Scandinavian American bank of Fargo, as a result of his failure to appear before Judge W. J. Keeshaw's court yesterday. His bonds of \$2,000 were ordered forfeited.

Hagen, understood to be at the bedside of his sick wife in Seattle, is charged with receiving deposits for the bank when he knew it to be insolvent. He is believed to be en route to Grand Forks now.

Hagen's case was the first called in the so-called Scandinavian bank cases, involving a number of former North Dakota officials and officers and former officials of the national non-partisan league, including Arthur C. Townley, its deposed president.

F. C. Heaton, former assistant cashier of the bank, is under indictment on a charge of making false entries on the bank records, and entered a plea of not guilty late yesterday.

NEW DIVISIONAL CHIEF OF DRY FORCES

(By United Press)

Washington, March 12.—Federal Prohibition Chief R. A. Haynes announced today that Addison G. Townsend, a former field supervisor, had been made divisional chief of division 12, comprising Minnesota, North and South Dakota, Iowa and Nebraska, with headquarters at Minneapolis.

He will take the place of H. O. Duncan, who will go to Florida to be chief of division 9, embodying Florida and Porto Rico. Duncan will make his headquarters at Jacksonville and will relieve H. E. Hazeltine, who has had charge of that division since July 15, 1923.

MANIAC SHOTS DOWN 2, BEATS 1, NEAR BATAVIA, N. Y.

(By United Press)

Linden, N. Y., March 12.—Three persons, Mr. and Mrs. Thomas Whalley, both 55 years of age, and Mrs. Mabel Morse, 50 years old, residents of this village, 10 miles south of Batavia, were slain last night, apparently by a maniac.

Mr. and Mrs. Whalley were shot and Mrs. Morse beaten to death with the handle of an axe. The bodies were found in a bedroom and covered with a blanket which was soaked with oil. The bed had been set on fire, but the crime was discovered before the flames had spread.

A posse is searching the country.

CLAIM DOPE RING IN ST. CLOUD WITH CHILDREN VICTIMS

FEDERAL NARCOTIC AGENTS CLAIM TO HAVE GAINED EVIDENCE

INVOLVE FOUR PHYSICIANS AND DRUGGISTS IN ALLEGED RING

(By United Press)

St. Cloud, March 12.—Posing as drug addicts so effectively that they were arrested by St. Cloud police, two federal narcotic agents today involved four St. Cloud physicians and druggists in a dope ring which has been preying upon school pupils here.

Information against the four has been presented to U. S. District Attorney Lafayette French, who will seek indictments before the federal grand jury.

Narcotic agents came to St. Cloud some time ago, bringing with them a drug addict as a stool pigeon. This didn't work, so they began seeking it themselves. So effectively did they assume the role that they purchased large quantities of morphine and opium with prescription and by direct sale.

Police arrested them, but they presented their credentials and were released.

Operative No. 38 gave the two St. Cloud physicians the wink and the individual diagnosed his case as cancer of the stomach, so that the addict, frightened, went to another physician who told him that he was all right. He returned to the first physician and asked for more drugs. This time the doctor told him he had irregular heart action. The operative laughed, took his own pulse which showed normal and accepted the drug.

Violations of the narcotic laws had been so flagrant that conviction of those involved will save at least a score of young boys from the fate of addicts, operatives declared.

KEROSENE CAN EXPLODES, FOUR BADLY BURNED

Fergus Falls, Minn., March 12.—Mr. and Mrs. Otto Schachtschneider and daughter Emma, 18, and grandson Arnold Lund, 5, were all badly burned at their home 10 miles west of here last night when a kerosene can exploded.

Emma poured oil on the dining room stove fire and the can ignited, exploding, and terribly wounding and burning the girl. She probably will die. The others were badly burned but physicians said they would live.

Hazleton, N. D., March 12.—The state railroad and warehouse commission here today will hear the petition of the Braddock Telephone Company for permission to construct a toll line between Hazleton and Braddock.

1,000 DELEGATES EXPECTED PRESENT IN THE TWIN CITIES

NOT LIMITED TO FARMER-LABOR, PROGRESSIVES OR NON-PARTISAN DELEGATES

NEW PLATFORM SAID TO MEET LIBERAL POLITICAL FAITH, PLANKS STATED

(By United Press)

St. Paul, March 12.—The call for a national third party convention in the Twin Cities June 17th went out today.

Almost any political group subscribing to the platform adopted can secure representation to the convention under the call.

The meeting is not limited to farmer-labor, progressives or non-partisan delegates. More than 1,000 delegates from all states are expected to attend.

The platform adopted at a conference of 40 delegates from eight states was made public at the close of the session last night. Almost anyone of liberal political faith could subscribe to the platform, the most important planks of which merely state:

"Wall street and the present economic system are responsible for the increased concentration of wealth and the increase in political corruption. Such a system is responsible for the use of the labor injunction."

"The time is ripe for a change from the old political parties to a new party founded on the belief of public ownership, public control of natural resources, restoration of civil liberty and abolition of the use of the injunction in labor and industrial disputes."

The basis of representation decided upon, calls for one delegate for each electorate, one vote for each 5,000 votes cast in any state in the election in 1922 for a "progressive candidate."

Five votes are allowed for each national political organization which subscribes to the platform, and one delegate for each national economic organization is also allowed.

Further, one delegate will be seated from each local farm or labor organization, one from professional or businessmen's progressive organizations, co-operatives or units of the non-partisan league or working people's non-partisan political league, five delegates from each state progressive political party legally recognized and one delegate bearing credentials from any group of 25 or more farmers.

It was stated the convention would be held in the Twin Cities, but the exact place was left to a committee, William Mahoney, St. Paul labor leader, is chairman of the committee.

The state non-partisan league convention and the working people's non-partisan political league conventions will be held in Minneapolis tomorrow, and the state conventions of the farmer-labor party will be held in St. Cloud Friday.

North Dakota Women's Christian Temperance Union Convention

(By United Press)

Fargo, N. D., March 12.—The executive committee of the North Dakota Women's Christian Temperance Union goes into session here tomorrow preliminary to the midwinter jubilee meeting of the state organization Friday.

Friday's program, which will end with the Golden Jubilee dinner Friday evening in the First Lutheran church, starts at 2 p. m. with the introduction of the national guest, Mrs. Margaret C. Munns of Evanston, Ill.

Speakers for the afternoon include Mrs. H. L. Bolley, Dr. John Lee Coulter, president of the North Dakota Agricultural college and Mrs. Munna.

PROVEN REMEDY FOR REMOVING GAS FROM THE STOMACH

A medicine for stomach troubles, such as gastric dyspepsia, and resulting indigestion, gases in the stomach and intestines, dizziness and fainting spells, colic attacks, torpid liver, constipation, etc., etc.

Where the above ailments are caused by a catarrhal condition of the mucous membrane, resulting in the intestinal tract becoming clogged with poisonous concretions which derange the digestive system causing auto-intoxication (internal poisoning.)

SKAUGE'S STOMACH REMEDY PAINLESSLY REMOVES

these mucoid and catarrhal concretions (which are sometimes mistaken for gall stones) reduces inflammation in the intestinal tract and tends to render the same as nearly antiseptic as natural conditions will permit. Sold and guaranteed by

Skauge Drug Co.

where he has been attending the Northwest Shoe Retailers Shoe Convention. Mr. Durham says he saw some very beautiful footwear for spring wear and his store will be showing the very latest in the near future in women's novelty shoes.

DON'T DELAY SENDING INCOME TAX STATEMENT

With only a few days remaining in which to file income tax returns, taxpayers are warned against delay in forwarding their returns to Collectors of Internal Revenue. Some taxpayers are holding back hoping to take full advantage of the proposed reductions, and especially of the 25 per cent reduction on income for the year 1923. However, the tax on income for the year 1923 is being collected under the Revenue Act of 1921, which is still in effect, and which provides heavy penalties for failure or "willful refusal" to file a return and pay, at least, one fourth of the tax on, or before, March 15, 1924. The Revenue Act of 1924, containing this and other proposed reductions, is now before Congress and there is little likelihood of its enactment prior to the closing day of the filing period.

The proposed 25 per cent reduction in the tax on income for the year 1923 is retroactive to January 1, 1923. Enactment of the pending legislation means, in the case of taxpayers who pay on the installment plan, a revision of their accounts in the offices of the Collectors by crediting the accounts with one fourth of the amount of the tax declared to be due on the return. In those cases where the tax is paid in full at the time of filing the returns, the 25 per cent excess will be refunded promptly without the requirement of filing a claim.

Swedish Bethany Ladies Aid
The Ladies Aid of the Swedish Bethany church meets Thursday afternoon at the home of Mrs. Gust Erickson, 711 3rd Avenue Northeast. Everybody welcome.

Evangelical Church Ladies Aid
The Ladies Aid of the Evangelical church northeast will be entertained by Mrs. S. Kelly, Mrs. A. Gordon, Mrs. F. Stanley and Mrs. John Stanley Thursday afternoon in the church basement.

Because it is genuinely different, you actually feel different after bathing with JAP ROSE SOAP. Quick, abundant lather, soft and delightful to the skin, yet cleansing every pore thoroughly.—Adv. 106

Norwegian Danish Lutheran Ladies Aid

The Ladies Aid of the Norwegian Danish Lutheran church will meet in the social rooms of the church on Thursday afternoon at 3 o'clock. A number of business matters will be brought up at this meeting, and all members are urged to attend. Mrs. John Stendahl and Mrs. J. H. Johanson will entertain.

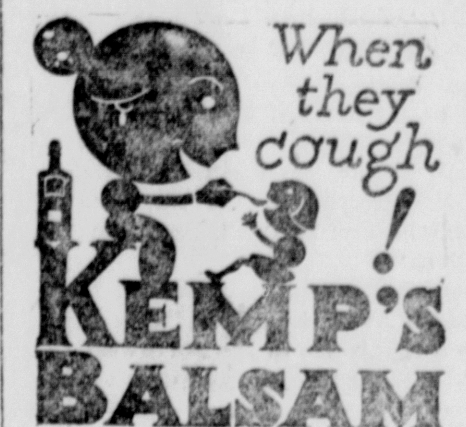

His, But Not Hers

An old colored janitor's employee asked him why he was sporting around in his Sunday clothes when it wasn't a holiday.

"Well, you see, boss," he replied, "I'm celebratin' my golden wedding."

"But isn't your wife celebratin' it with you?"

"Oh, Mandy! She ain't got nothin' to do with it. She's jes' my third wife."—Boston Transcript.

"LENT IS AN OPPORTUNITY"

Rev. W. M. Walton, Rector of St. Paul's Episcopal Church Writes of Season

RESPONSIBILITY INVOLVED

Lent, as Taught by Church, is an Occasion of Grace, a Day of Salvation

Rev. W. M. Walton, rector of St. Paul's Episcopal church, has written the following for the Dispatch on the subject, "Lent, An Opportunity."

The two most solemn words in our language are perhaps, the words "Opportunity" and "Responsibility." They mutually connote one another, for every opportunity involves a corresponding responsibility; and every real responsibility implies an opportunity.

It will help any one to realize the solemnity which attaches to opportunity if they will call to mind the fact that the most bitter regrets of life are our regrets for lost opportunities. And not only is this the case in the world, but it will be one of the chief punishments of the lost in eternity, the torments of remorse, the torments of self-reproach, the thought, "I had my opportunity to save my soul, to win heaven, and I lost it."

Lent, so the church has always taught, and still teaches, is a season of grace, a season of opportunity, opportunity which involves responsibility, and responsibility which may be eternal. And so, at the very outset of this holy season, the church addresses to us these words of warning and of opportunity: "We then, as workers together with Him, beseech you also that ye receive not the grace of God in vain. Behold now is the accepted time! Behold now is the day of salvation."

Lent is, indeed, an accepted time, a day of salvation, a season of abundant opportunity, for in Lent, all over the world, the church is praying for the conversion of sinners, pleading the holy sacrifice for them; and not only the church on earth, but the church in heaven. Saints and angels look down upon us during Lent with loving sympathy, with deep anxiety, helping us by their prayers.

The Apostle St. Paul warns his Corinthian converts and warns us not to presume on God's mercy, not to receive the grace of God in vain. He reminds us that now is the day of salvation. In the beginning of his exhortation he teaches one of the characteristics of grace, that unless we correspond to it, it is powerless to do any good. Grace is given to help our freewill, not to over-ride it. Grace is God's work in the soul, the very life of God in the soul; but that work, that life depends on our own action. We must be workers together with God, or we shall receive the grace in vain.

And so the church at the beginning of her great Lenten season of opportunity, gives this warning, "We then, as workers together with Him, beseech you also that ye receive not the grace of God in vain." The church does not merely exhort us to seek grace, but she warns us of the danger even after we have sought and received grace, the danger of not using it.

In Lent grace is all around us, and yet it is possible to pass through Lent, and be utterly untouched by its power because of the want of correspondence of our wills, because we are not workers together with God. For all, Lent is the living out of the parable of the sower. But for some, Lent is like the seed which fell by the wayside, lying there unused, wasted, sown, but sown in vain.

One of the laws of grace is that it only manifests itself in action. We say our prayers, we ask for grace to resist sin, and God gives us grace; but the temptation comes as before, and the question is, "Shall I use that grace or not? How can I use it?" The answer is by an act of will, by realizing that grace is given and exhibiting a willingness to use it.

How much prayer is wasted because people pray for grace to resist sin, and then, when temptation comes for want of watchfulness or for want of faith they make no effort to use the grace for which they have prayed to work together with God, who is almighty, in the battle against the sin which so easily besets them.

The sin may be great, the habit of sin longstanding, but the grace of God is almighty, and it only needs that we should use it. The church at the very threshold of this holy Lenten season of opportunity and grace reminds us of the fact that we are workers together with God, and

exhorts us not to receive the grace of God in vain.

Lent began on last Wednesday, March 5th, and continues forty days, exclusive of Sundays, bringing Easter on Sunday, April 20th this year.

JAPAN IS TOPIC

Missionary Society of First Congregational Church Met at Home of Mrs. John F. Woodhead

The missionary society of the First Congregational church met Friday at the home of Mrs. John F. Woodhead. Mrs. C. W. Hoffman, as leader prefaced the lesson of "Religious Resources and Problems" in Japan, by calling attention to the history of the older faiths and to the void left for Christianity to fill.

The chief feature of the afternoon's program was the address by Mrs. Irma C. Hartley, on "Shintoism, Buddhism and Confucianism," showing every Japanese is a Shintoist in his sense of obligation to and reverence to his ancestors and to the emperor, who, descended from the sun-god, rules by divine right. "Shintoism has taught one deep and vital truth, the unbroken continuity of a people, the immortality of a race."

Buddhism came to Japan from Korea by way of China in 550 A. D., and it was the teacher under whose instruction the Japanese nation grew up. Guatama or "The Buddha" meaning "The enlightened one" is said to have sat for six years under the Bo tree, meditating on the meaning of life. His final decision was that there is no God. Buddhism had broken up into numerous sects and sub-sects, differing from each other and today it is the creed of half of Japan, a palliative for aching but credulous hearts.

Following on the trail of Buddhism from China came Confucianism. Confucius gave his disciples many helpful rules for this life, but he never taught about God or a future life, and it was during the prevalence of Confucianism that women entered into a state of subjection and degradation previously unknown, the result of which is the Yoshiwara or licensed prostitution, a system in which the government of Japan still glories.

Mrs. E. P. Slipp spoke on "The Four Prominent Sects of Buddhism in Japan" at the present time of which the Zen sect most resembles the old creed of Guatama, who in his life cast away all faith in the gods and had preached salvation by self-conquest and good works.

The Nichiren sect believe that beasts and inanimate objects are capable of attaining Buddhahood or enlightenment after various trans-migrations. Nichiren, who founded the sect, was a fiery patriot and during the attack of the Armada of Kublai Khan, he rallied the defenders with great vigilance and the heroic statue erected in his honor, upon the west coast of Japan, as it now stands among the pines, commemorates alike the protection of the gods and the labors of Nichiren.

With the acknowledgement of the protection of the gods by those heathen people at that time was noted, the present age, where with the many discoveries and triumphs, man takes all the credit and no one hails a new discovery with the inspired exclamation, "What hath God wrought," but, what hath man wrought?

Mrs. Losey followed, by relating the story of "The Stone-Baby," in which the only son of a rich Japanese Buddhist woman had died and the broken hearted mother had a model made of her son, an elegant stone figure, which was carried to the temple and placed near a god, hoping this gift would so please the god that he would see that her son's spirit after it had entered a cow, dog, or other animal, would be protected from cruelty.

A poor woman also lost her only son, and in making an offering she went to a brook some distance away and carried a huge rock which she placed near one of Buddha's many

Avoid Imitations—Substitutes

gods, trusting it would serve a like purpose of protection after transmigration. Mrs. Losey spoke of the need of Christian missionaries to carry "The old, old story" to Japanese mothers.

"Prophets and Guides of Young Japan," R. Tsunashima and T. Arishima, were read by Mrs. Dan Smith and Mrs. Conrad respectively, showing earnest strivings after the light with the assurance that in proportion as Christ is adequately represented among the Japanese by living ambassadors they will inevitably kneel and worship.

Mrs. Woodhead gave an account of "A Masterful Woman's Search," in which Madam Hiwaka was one of the most striking characters of her day, and one of the great Christian evangelists of Japan.

Miss Robinson told of the conversion and work of Miss Kawai showing that this young lady is today one of the outstanding figures in the work of rebuilding the life of Japan's new womanhood.

Mrs. Folsom closed the study by telling of Miss Tsuda receiving her education, being one of the five girl pioneers who in 1871 left their native land to get an education in America.

The program closed with "Current Events of Japan" by Mrs. N. P. Olmsted, in which was particularly noted the celebration of the 80th birthday of Mrs. Martha Barrows, Kobe.

A social hour followed the program, and refreshments were served. One visitor was present, who joined the society.

GIRL SCOUTS BENEFIT SHOW WAS SUCCESS

The benefit movie, "Conductor 1492," given by the Girl Scouts, was a great success from a financial standpoint. The amount taken in was \$170, giving the girls a good start for their camping equipment this summer.

The tickets were printed about a month before the date of the show, and sold rapidly. The night of the last show not a ticket was left unsold. The management and splendid co-operation on the part of George Irwin, of the New Park theatre, was highly appreciated by the girls.

The show was a good, clean American comedy and made everyone laugh, young and old, from the first scene to the last. One person was heard to say, "It was good because it wasn't of the slap-stick variety."

Fellowship Meeting

Thursday evening at 7:45 o'clock at the First Baptist church the fellowship meeting of the church will be held. A half hour of Bible study and song followed by an old fashioned prayer and praise meeting. Do you know that the modern French are representatives of the Galatians to whom Paul wrote? Come out and study with us the Galatian epistle. E. A. Deake, minister.

Now Is The Time To Buy Cranberries For Preserving

Then you can enjoy the delicious tart flavor of this health-giving fruit every day in the year.

Cranberries are reasonable in price. They are easily and quickly prepared—no peeling—no cores—no waste. **Economical!**

You can make 10 tumblers of jelly with 2½ pounds of sugar and 8 pounds of cranberries! Try this recipe:

Cranberry Jelly

Cook until soft the desired quantity of cranberries with 1½ pints of water for each two quarts of berries. Strain the juice through a jelly bag.

Measure the juice and heat it to the boiling point. Add one cup of sugar for every two cups of juice; stir until the sugar is dissolved; boil briskly for five minutes; skim, and pour into glass tumblers, porcelain or crockery molds.

Always cook cranberries in porcelain-lined, enameled, or aluminum vessels.

To be sure of a selection of the choicest varieties—ask for Eatmor Cranberries.

"LENT IS AN OPPORTUNITY"

Rev. W. M. Walton, Rector of St. Paul's Episcopal Church Writes of Season RESPONSIBILITY INVOLVED

Lent, as Taught by Church, is an Occasion of Grace, a Day of Salvation

Rev. W. M. Walton, rector of St. Paul's Episcopal church, has written the following for the Dispatch on the subject, "Lent, An Opportunity."

The two most solemn words in our language are perhaps, the words "Opportunity" and "Responsibility." They mutually connote one another, for every opportunity involves a corresponding responsibility; and every real responsibility implies an opportunity.

It will help any one to realize the solemnity which attaches to opportunity if they will call to mind the fact that the most bitter regrets of life are our regrets for lost opportunities. And not only is this the case in the world, but it will be one of the chief punishments of the lost in eternity, the torments of remorse, the torments of self-reproach, the thought, "I had my opportunity to save my soul, to win heaven, and I lost it."

Lent, so the church has always taught, and still teaches, is a season of grace, a season of opportunity, opportunity which involves responsibility, and responsibility which may be eternal. And so, at the very outset of this holy season, the church addresses to us these words of warning and of opportunity: "We then, as workers together with Him, beseech you also that ye receive not the grace of God in vain. Behold now is the accepted time! Behold now is the day of salvation."

Lent is, indeed, an accepted time, a day of salvation, a season of abundant opportunity, for in Lent, all over the world, the church is praying for the conversion of sinners, pleading the holy sacrifice for them; and not only the church on earth, but the church in heaven, Saints and angels look down upon us during Lent with loving sympathy, with deep anxiety, helping us by their prayers.

The Apostle St. Paul warns his Corinthian converts and warns us not to presume on God's mercy, not to receive the grace of God in vain. He reminds us that now is the day of salvation. In the beginning of his exhortation he teaches one of the characteristics of grace, that unless we correspond to it, it is powerless to do any good. Grace is given to help our freewill, not to over-ride it. Grace is God's work in the soul, the very life of God in the soul; but that work, that life depends on our own action. We must be workers together with God, or we shall receive the grace in vain.

And so the church at the beginning of her great Lenten season of opportunity, gives this warning: "We then, as workers together with Him, beseech you also that ye receive not the grace of God in vain." The church does not merely exhort us to seek grace, but she warns us of the danger even after we have sought and received grace, the danger of not using it.

In Lent grace is all around us, and yet it is possible to pass through Lent, and be utterly untouched by its power because of the want of correspondence of our wills, because we are not workers together with God. For all, Lent is the living out of the parable of the sower. But for some, Lent is like the seed which fell by the wayside, lying there unused, wasted, sown, but sown in vain.

One of the laws of grace is that it only manifests itself in action. We say our prayers, we ask for grace to resist sin, and God gives us grace; but the temptation comes as before, and the question is, "Shall I use that grace or not? How can I use it?" The answer is by an act of will, by realizing that grace is given and exhibiting a willingness to use it.

How much prayer is wasted because people pray for grace to resist sin, and then, when temptation comes for want of watchfulness or for want of faith they make no effort to use the grace for which they have prayed to work together with God, who is almighty, in the battle against the sin which so easily besets them.

The sin may be great, the habit of sin longstanding, but the grace of God is almighty, and it only needs that we should use it. The church at the very threshold of this holy Lenten season of opportunity and grace reminds us of the fact that we are workers together with God, and

exhorts us not to receive the grace of God in vain.

Lent began on last Wednesday, March 5th, and continues forty days, exclusive of Sundays, bringing Easter on Sunday, April 20th this year.

WEDNESDAY, MARCH 12, 1924

APPRECIATES GOODWILL EXPRESSED

THE DISPATCH recently carried an editorial expressing appreciation of the kindly cooperation which Perry S. Williams, formerly in charge of the Minneapolis Journal Travel and Resort Bureau, had accorded the local Chamber of Commerce in tourist matters. Nothing was too small to escape Mr. Williams' spirit of offering assistance. We remember one Mill City tourist up in our lake country who lost his suit case and due to the efforts of Mr. Williams and the Dispatch the missing article of baggage was recovered. In spreading literature referring to this section of the 10,000 lakes, Mr. Williams did much to bring about a splendid feeling of generous encouragement. He was the first to inaugurate the daily road reports, studied by every tourist. His comments about our district did much to give the Brainerd lake region wide publicity.

The Dispatch recently acknowledged in an unobtrusive fashion some of the deeds Mr. Williams has done for this community and commented on his accession and promotion to a new position, carrying wider responsibilities, and has received this letter from Mr. Williams:

"There has just come to my attention today a clipping from the Brainerd Dispatch of February 29, carrying an editorial announcement of my appointment to my present position.

"I cannot express to you the enthusiasm you aroused in me for my task by your fine expressions of good will and confidence. I sometimes feel if we do nothing else but get down to understanding each other and each other's motives, we will have accomplished the greatest thing possible for the state and the Northwest.

"Whatever I did for Brainerd, Brainerd thoroughly deserved and the credit, therefore, reflects back to your own community. It is splendid to get started out on a new job with such fine backing. Please accept my best personal regards. Very sincerely yours, Perry S. Williams, Assistant to the President, Minneapolis Civic & Commerce Association."

THE OLYMPIC FUND

ALL the world loves a winner, but nobody seems anxious to pay the bill. That's the situation of the American Olympic committee which is begging for subscriptions to pay expenses of the American team. The committee expected to raise \$350,000 by popular subscription, but so far has only collected about \$37,000.

But it certainly is disheartening, says the New York Tribune, to think of the easy millions handed out for the Dempsey maulings and to see American athletes go begging for passage money to take them to an international competition worthy of the name of sport. The need of funds for the Olympic team may not have been brought home to a great number who would gladly help out. They may have thought ample means had been provided. Now that the emergency is understood it is hoped the well-wishers of the Olympic team will send generous contributions to the treasury of the Olympic Committee, 305 Broadway, New York.

The trapshooting team at the Olympic games will be captained by Captain William H. Fawcett. The latter is devoting much time and attention to details. The trip will necessitate his giving up probably two months of his time as well as heavy expenses. The captain and his team will probably leave late in May for Europe. The shooting there will last 20 days or more.

TRIBUTES TO KNUTE NELSON

ELOQUENT tributes were paid the late Senator Knute Nelson by the senate. They were voiced by solons from all sections of the United States. Senator Henry Cabot Lodge, of Massachusetts, praised Nelson's qualities of sincerity and conviction.

Senator Magnus Johnson said Nelson had the courage to act in accordance with the conclusions of his mind. He was faithful to friends and to those who had rendered him a service.

Senator Henrik Shipstead said Nelson possessed all the essentials of a great man. He was an outstanding example of what this country had done for the industrious immigrant.

Southern and western senators added their eulogies. A strong, sturdy, modest studious and kindly man was Nelson. He was a staunch friend of the Dispatch from the days of his early campaigning for congressman and governor. He always kept a kindly interest in the sixth congressional district.

There would be no "immigrant problem," said Senator Warren of Wyoming, if all who sought our shores were of the same stuff as Nelson. He had no time for self-pity or for whining about the opportunities of the rich and the downtrodden condition of the poor. He went to work, conquered poverty, and gained honor, respect, confidence, and the love of his fellowmen.

HOUSEWORK AND THE SEASONS

THERE'S no other work, except the work on the land itself, that changes so much with the season as housework. This is the time of the year when a woman longs to clean house and dismantle stoves; to tear up the beds and hang the carpets out of doors, says Margaret W. Jackson in Farm Life. She knows it's too early to do so and she'd better wait till April, anyhow; but the urge is powerful, in spite of snow and bad weather.

Planning the garden, experimenting with the new recipes, a little previous sewing and the starting of the incubators are good ways to work off this rising tide of energy. And the children—the little ones not yet in school—seem always to be standing with small noses pressed against the window pane, tired of the house, and longing for the out-of-doors playground again. They need especial love and patient attention and a good romp or two every day—these wee ones.

The rising sap in my own being, the way Bill scans the sky and cleans the yard and does the last tightening-up jobs for the spring work, the restlessness of the children make me feel that youth and energy and enthusiasm are as immortal as spring, and death and old age as unreal and transient as winter.

BRAINERD Rotarians and others who are friends of Norman B. Black of Fargo, N. D., will be interested to learn that he has bought the Fargo Daily Tribune. Mr. Black is also owner of the Fargo Forum.

TWICE PROVEN
If you suffer headache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Brainerd evidence—doubly proven.
J. G. Brandt, machinist, 1617 Oak St., says: "I am a machinist and have some pretty heavy lifting to do. I strained my back and it started aching. I couldn't rest night or day, the pains were so severe and in the morning I felt worn out. My kidneys didn't act as they should and I began using Doan's Pills which I bought at Skaug's Drug Co. Doan's soon fixed me up in good shape and since then I haven't had any more kidney trouble." (Statement given November 5, 1917.)
On August 20, 1921, Mr. Brandt added: "Doan's cured me and I never hesitate to recommend them."

WEDNESDAY, MARCH 12, 1924

APPRECIATES GOODWILL EXPRESSED

THE DISPATCH recently carried an editorial expressing appreciation of the kindly cooperation which Perry S. Williams, formerly in charge of the Minneapolis Journal Travel and Resort Bureau, had accorded the local Chamber of Commerce in tourist matters. Nothing was too small to escape Mr. Williams' spirit of offering assistance. We remember one Mill City tourist up in our lake country who lost his suit case and due to the efforts of Mr. Williams and the Dispatch the missing article of baggage was recovered. In spreading literature referring to this section of the 10,000 lakes, Mr. Williams did much to bring about a splendid feeling of generous encouragement. He was the first to inaugurate the daily road reports, studied by every tourist. His comments about our district did much to give the Brainerd lake region wide publicity.

The Dispatch recently acknowledged in an unobtrusive fashion some of the deeds Mr. Williams has done for this community and commented on his accession and promotion to a new position, carrying wider responsibilities, and has received this letter from Mr. Williams:

"There has just come to my attention today a clipping from the Brainerd Dispatch of February 29, carrying an editorial announcement of my appointment to my present position.

"I cannot express to you the enthusiasm you aroused in me for my task by your fine expressions of good will and confidence. I sometimes feel if we do nothing else but get down to understanding each other and each other's motives, we will have accomplished the greatest thing possible for the state and the Northwest.

"Whatever I did for Brainerd, Brainerd thoroughly deserved and the credit, therefore, reflects back to your own community. It is splendid to get started out on a new job with such fine backing. Please accept my best personal regards. Very sincerely yours, Perry S. Williams, Assistant to the President, Minneapolis Civic & Commerce Association."

THE OLYMPIC FUND

ALL the world loves a winner, but nobody seems anxious to pay the bill. That's the situation of the American Olympic committee which is begging for subscriptions to pay expenses of the American team. The committee expected to raise \$350,000 by popular subscription, but so far has only collected about \$37,000.

But it certainly is heartening, says the New York Tribune, to think of the easy millions handed out for the Dempsey mailings and to see American athletes go begging for passage money to take them to an international competition worthy of the name of sport. The need of funds for the Olympic team may not have been brought home to a great number who would gladly help out. They may have thought ample means had been provided. Now that the emergency is understood it is hoped the well-wishers of the Olympic team will send generous contributions to the treasury of the Olympic Committee; 305 Broadway, New York.

The trapshooting team at the Olympic games will be captained by Captain William H. Fawcett. The latter is devoting much time and attention to details. The trip will necessitate his giving up probably two months of his time as well as heavy expenses. The captain and his team will probably leave late in May for Europe. The shooting there will last 20 days or more.

TRIBUTES TO KNUTE NELSON

ELOQUENT tributes were paid the late Senator Knute Nelson by the senate. They were voiced by solons from all sections of the United States. Senator Henry Cabot Lodge, of Massachusetts, praised Nelson's qualities of sincerity and conviction.

Senator Magnus Johnson said Nelson had the courage to act in accordance with the conclusions of his mind. He was faithful to friends and to those who had rendered him a service.

Senator Henrik Shipstead said Nelson possessed all the essentials of a great man. He was an outstanding example of what this country had done for the industrious immigrant.

Southern and western senators added their eulogies. A strong, sturdy, modest studious and kindly man was Nelson. He was a staunch friend of the Dispatch from the days of his early campaigning for congressman and governor. He always kept a kindly interest in the sixth congressional district.

There would be no "immigrant problem," said Senator Warren of Wyoming, if all who sought our shores were of the same stuff as Nelson. He had no time for self-pity or for whining about the opportunities of the rich and the downtrodden condition of the poor. He went to work, conquered poverty, and gained honor, respect, confidence, and the love of his fellowmen.

HOUSEWORK AND THE SEASONS

THERE'S no other work, except the work on the land itself, that changes so much with the season as housework. This is the time of the year when a woman longs to clean house and dismantle stoves; to tear up the beds and hang the carpets out of doors, says Margaret W. Jackson in Farm Life. She knows it's too early to do so and she'd better wait till April, anyhow; but the urge is powerful, in spite of snow and bad weather.

Planning the garden, experimenting with the new recipes, a little previous sewing and the starting of the incubators are good ways to work off this rising tide of energy. And the children—the little ones not yet in school—seem always to be standing with small noses pressed against the window pane, tired of the house, and longing for the out-of-doors playground again. They need especial love and patient attention and a good romp or two every day—these wee ones.

The rising sap in my own being, the way Bill scans the sky and cleans the yard and does the last tightening-up jobs for the spring work, the restlessness of the children make me feel that youth and energy and enthusiasm are as immortal as spring, and death and old age as unreal and transient as winter.

SERIOUS ACCIDENT AT FORT RIPLEY

Bus Passenger Saw Remains of
Touring Car Which Hit the
Bridge

CAR NEARLY CUT IN HALF

Much Blood Around the Ford Car,
But No One Nearby Knew of
Accident

Passengers to Minneapolis on the early bus Monday morning report seeing the remains of a serious accident, which is thought to have occurred during the previous night, at the bridge near Fort Ripley.

It is said that a Ford touring car, headed south, collided with the guard rail of the bridge just as it reached the structure. The impact was so great that the car was cut nearly in two, and the broken windshield gives evidence that those in the front seat must have been thrown through the glass. There was much blood on the ground around the car, but the wreck was deserted, and no one in Fort Ripley could offer any explanation of the accident.

Rev. A. C. Smith, who was a passenger on the bus Monday morning, said that the wreck had all been cleared away when he returned in the afternoon.

Inquiries at Brainerd garages failed to throw any light on the subject, and no reports of accidents have been turned in to the police. It is thought that the injured passengers were no doubt taken to a hospital in Little Falls, since the car was headed in that direction.

BIG FUR SALE AT JONES' STORE

The Gershow Fur Company, largest manufacturing furriers of St. Paul, have obtained space in Jones on Front St., where, for four days they will offer to the ladies of Brainerd their choice of more than five hundred highest quality fur coats at manufacturing cost.

The Gershow Fur Company have for the past twenty-three years held the highest reputation in the north west, as manufacturing furriers.

The stock will be on display starting Thursday morning March 13th. A large selection of chokers will also be offered at extremely low prices.

Fifty regular fifteen dollar chokers will be sold for five dollars each as a special introductory offer.

Further announcement will be made in tomorrow's Dispatch. 11

Bethlehem Lutheran Men's Club
The Bethlehem Lutheran men's club will meet tomorrow evening, Thursday, in the church parlors, and will be entertained by Soren Tollefson, Carl Anderson and S. E. Engbreitson. Everybody welcome.

MRS. HENRY CLARKE DIED

Succumbed to Illness of Over Month's
Duration, Paralysis Being
Cause

Mrs. Henry Clarke, of 618 North Broadway, passed away at her home early this morning, after an illness of over a month, death resulting from paralysis.

Louise Swan was born in Waukegan, Wis., Oct. 2, 1870. She was united in marriage there to Henry Clarke on June 19th, 1890.

To this union were born four sons and three daughters, being James and Harold, of Superior, Wis., Robert of Ironwood, Mich., and Donald living at home, Mrs. J. E. Crust, Mrs. Clarence Lee and Miss Dorothea, all of Brainerd, the latter being a teacher in the Aitkin schools. Beside the immediate family, Mrs. Clarke is survived by five sisters and her aged mother.

The family came to Brainerd about fifteen years ago, and has lived in this vicinity ever since.

Mrs. Clarke has been a member of the Methodist Episcopal church for many years. She was a consistent Christian, a woman of attractive personality, a splendid wife and a wonderful mother to her children.

The funeral arrangements have not as yet been completed but will be announced later.

CHAMBER PLAN OF DAIRY SIRE

Idea of Furnishing Farmers Pure-
bred Pedigreed Dairy Sires,
Gains Grounds

SUBSCRIPTIONS TO FUND

Seven Citizens, Interviewed This
Morning, Have Subscribed
\$850

The committee from the Chamber of Commerce which is taking care of the matter of furnishing pure-bred pedigreed dairy sires to the farmers of Crow Wing county, are very enthusiastic over the manner in which residents of the city are taking a hold of this proposition. S. R. Adair, chairman of the committee, reports that in a short time this morning, seven people were interviewed and from them \$850 was secured.

If similar success is met throughout the campaign, the committee feels that the funds with which to purchase these sires will be secured in short order, and the sires placed in the hands of the farmers early in the breeding season.

It is the intention of the Chamber of Commerce to furnish the farmers of the county with pure-bred sires, Holstein, Jersey or Guernsey, in proportions as the farmers desire. Each sire is to remain in the one community two years, at the end of which period he will be transferred to another community for a similar length of time, and then sold, and the money used to purchase another pedigreed sire to take his place.

The farmers have organized an association for the purpose of distributing and caring for these sires, thus relieving the Chamber from much of that detail work.

The committee expects to publish a list of subscribers to the pure-bred sire fund, from time to time, with the amounts that have been secured, as it is felt that all Dispatch readers will be interested in the progress that is being made in this very worthy cause.

COUNTY NURSE IS KEPT BUSY

In January Miss Thora Ingebritson
Made 73 Calls, Including 17
Nursing Calls

WROTE 200 FORM LETTERS.

Epidemic of Measles In One Com-
munity Successfully
Combated

The following is the report of the Miss Thora Ingebritson, county nurse for the month of January:

During the month seventy-three calls were made. These include seventeen nursing care calls, thirty-six calls of instruction and demonstration, and twelve of investigation of communicable diseases, such as measles, chicken pox and mumps, and eight miscellaneous calls, such as those on town boards, etc.

Two children were taken to the Deerwood sanitarium for examination for tuberculosis. One tuberculosis clinic was held with an attendance of three.

Two hundred form letters were written to the teachers and children of the county, and three meetings were attended.

There was an epidemic of measles in one of our communities that spread rapidly. One of the children had a "slight fever and cold" as the mother said, but she thought it was not serious enough to keep the children from the Christmas program. A case of measles developed, and one by one each child "broke out" until fourteen of the thirty-two children enrolled in the school had the measles. I was not called until it was well scattered.

Chicken pox also invaded the community at the same time. Some of the children were quite sick. I explained to the parents the importance of isolation of the sick members and instructed as to the care needed.

This is a good demonstration of the way in which contagious diseases spread when they are not checked in time. If only the parents would keep the children at home when they have colds, epidemics would be very scarce.

A total of thirteen schools were visited with an enrollment of 277. One hundred and six children were inspected in classroom inspections and one hundred and seventy-one inspected individually. There were one hundred and four pupils found having defects, and twenty-three defects were corrected.

These defects were: eyes, 31; ears, 1; teeth (permanent) 51; nose and throat, 51; skin, 2; glands, 18; symptoms of lung disease, 1; nerves, 1; goitre, 4; ten percent underweight, 17.

NEW HIGH SCHOOL

Mass Meeting of Voters to Express
Sentiment at Lowell School
Meeting

There will be a mass meeting in the Lowell school on Tuesday, March 18th, to discuss the subject of the proposed new high school.

This will give an opportunity for every voter to express his or her views on this very important subject. Matters of vital importance to every citizen in Brainerd will be brought out and discussed.

The meeting is under the auspices of the Northeast Brainerd Improvement League, and the committee on education is devoting much time in an endeavor to arouse the attention that the proposed new high school merits. The meeting should draw a large attendance.

OBITUARY

Richard Ludlow Died Monday Fol-
lowing Extended Illness,
Funeral Tuesday Afternoon

Richard Ludlow passed away Monday afternoon, following an extended illness, death resulting from cancer of the stomach. The funeral was held from the family home at Merrifield Tuesday afternoon at two o'clock, Rev. E. A. Cooke officiating, and interment was made in Evergreen cemetery, Brainerd.

Mr. Ludlow was born on July 9th, 1856, at Racine, Wisconsin. He came to Minnesota in 1876, first settling at Faribault, where he was united in marriage to Miss Emma Probst.

Three years later the family moved to a homestead near Dawson, Lac Qui Parle county, where he was one of the pioneer residents.

In 1914 he purchased the Fred Stropp farm north of Brainerd, where he lived until his health failed and he sold it and moved into Merrifield. He has made his residence in that village for the past five years.

He leaves to mourn his loss his widow and six children, Robert L. of Gilbert, Minn., Walter R., of Brainerd, William E., of Flint, Michigan, Mrs. O. D. Thompson, of Porter, Minn., Mrs. E. S. Jones, of Spokane, Wash., and Mrs. G. R. Pratt, of Merrifield. Also his aged mother, a brother Edward, of Dawson and a sister, Mrs. Esther Byers.

SERIOUS ACCIDENT AT FORT RIPLEY

Bus Passenger Saw Remains of
Touring Car Which Hit the
Bridge

CAR NEARLY CUT IN HALF

Much Blood Around the Ford Car,
But No One Nearby Knew of
Accident

Passengers to Minneapolis on the early bus Monday morning report seeing the remains of a serious accident, which is thought to have occurred during the previous night, at the bridge near Fort Ripley.

It is said that a Ford touring car, headed south, collided with the guard rail of the bridge just as it reached the structure. The impact was so great that the car was cut nearly in two, and the broken windshield gives evidence that those in the front seat must have been thrown through the glass. There was much blood on the ground around the car, but the wreck was deserted, and no one in Fort Ripley could offer any explanation of the accident.

Rev. A. C. Smith, who was a passenger on the bus Monday morning, said that the wreck had all been cleared away when he returned in the afternoon.

Inquiries at Brainerd garages failed to throw any light on the subject, and no reports of accidents have been turned in to the police. It is thought that the injured passengers were no doubt taken to a hospital in Little Falls, since the car was headed in that direction.

BIG FUR SALE AT JONES' STORE

The Gershow Fur Company, largest manufacturing furriers of St. Paul, have obtained space in Jones on Front St., where, for four days they will offer to the ladies of Brainerd their choice of more than five hundred highest quality fur coats at manufacturing cost.

The Gershow Fur Company have for the past twenty-three years held the highest reputation in the north west, as manufacturing furriers.

The stock will be on display starting Thursday morning March 13th. A large selection of chokers will also be offered at extremely low prices.

Fifty regular fifteen dollar chokers will be sold for five dollars each as a special introductory offer.

Further announcement will be made in tomorrow's Dispatch.

Bethlehem Lutheran Men's Club. The Bethlehem Lutheran men's club will meet tomorrow evening, Thursday, in the church parlors, and will be entertained by Soren Tollefson, Carl Anderson and S. E. Engbretson. Everybody welcome.

MRS. HENRY CLARKE DIED

Succumbed to Illness of Over Month's
Duration, Paralysis Being
Cause

Mrs. Henry Clarke, of 618 North Broadway, passed away at her home early this morning, after an illness of over a month, death resulting from paralysis.

Louise Swan was born in Waukesha, Wis., Oct. 2, 1870. She was united in marriage there to Henry Clarke on June 19th, 1890.

To this union were born four sons and three daughters, being James and Harold, of Superior, Wis., Robert of Ironwood, Mich., and Donald living at home, Mrs. J. E. Crust, Mrs. Clarence Lee and Miss Dorothea, all of Brainerd, the latter being a teacher in the Aitkin schools. Beside the immediate family, Mrs. Clarke is survived by five sisters and her aged mother.

The family came to Brainerd about fifteen years ago, and has lived in this vicinity ever since.

Mrs. Clarke has been a member of the Methodist Episcopal church for many years. She was a consistent Christian, a woman of attractive personality, a splendid wife and a wonderful mother to her children.

The funeral arrangements have not as yet been completed but will be announced later.

CHAMBER PLAN OF DAIRY SIRE

Idea of Furnishing Farmers Pure-
bred Pedigreed Dairy Sires,
Gains Grounds

SUBSCRIPTIONS TO FUND

Seven Citizens, Interviewed This
Morning, Have Subscribed
\$850

The committee from the Chamber of Commerce which is taking care of the matter of furnishing pure-bred pedigreed dairy sires to the farmers of Crow Wing county, are very enthusiastic over the manner in which residents of the city are taking a hold of this proposition. S. R. Adair, chairman of the committee, reports that in a short time this morning, seven people were interviewed and from them \$850 was secured.

If similar success is met throughout the campaign, the committee feels that the funds with which to purchase these sires will be secured in short order, and the sires placed in the hands of the farmers early in the breeding season.

It is the intention of the Chamber of Commerce to furnish the farmers of the county with pure-bred sires, Holstein, Jersey or Guernsey, in proportions as the farmers desire. Each sire is to remain in the one community two years, at the end of which period he will be transferred to another community for a similar length of time, and then sold, and the money used to purchase another pedigreed sire to take his place.

The farmers have organized an association for the purpose of distributing and caring for these sires, thus relieving the Chamber from much of that detail work.

The committee expects to publish a list of subscribers to the pure-bred sire fund, from time to time, with the amounts that have been secured, as it is felt that all Dispatch readers will be interested in the progress that is being made in this very worthy cause.

COUNTY NURSE IS KEPT BUSY

In January Miss Thora Ingebritson
Made 73 Calls, Including 17
Nursing Calls

WROTE 200 FORM LETTERS.

Epidemic of Measles In One Com-
munity Successfully
Combated

The following is the report of the
Miss Thora Ingebritson, county nurse
for the month of January:

During the month seventy-three calls were made. These include seventeen nursing care calls, thirty-six calls of instruction and demonstration, and twelve of investigation of communicable diseases, such as measles, chicken pox and mumps, and eight miscellaneous calls, such as those on town boards, etc.

Two children were taken to the Deerwood sanitarium for examination for tuberculosis. One tuberculosis clinic was held with an attendance of three.

Two hundred form letters were written to the teachers and children of the county, and three meetings were attended.

There was an epidemic of measles in one of our communities that spread rapidly. One of the children had a "slight fever and cold" as the mother said, but she thought it was not serious enough to keep the children from the Christmas program. A case of measles developed, and one by one each child "broke out" until fourteen of the thirty-two children enrolled in the school had the measles. I was not called until it was well scattered.

Chicken pox also invaded the community at the same time. Some of the children were quite sick. I explained to the parents the importance of isolation of the sick members and instructed as to the care needed.

This is a good demonstration of the way in which contagious diseases spread when they are not checked in time. If only the parents would keep the children at home when they have colds, epidemics would be very scarce.

A total of thirteen schools were visited with an enrollment of 277. One hundred and six children were inspected in classroom inspections and one hundred and seventy-one inspected individually. There were one hundred and four pupils found having defects, and twenty-three defects were corrected.

These defects were: eyes, 31; ears, 1; teeth (permanent) 51; nose and throat, 51; skin, 2; glands, 18; symptoms of lung disease, 1; nerves, 1; goitre, 4; ten percent underweight, 17.

NEW HIGH SCHOOL

Mass Meeting of Voters to Express
Sentiment at Lowell School
Meeting

There will be a mass meeting in the Lowell school on Tuesday, March 18th, to discuss the subject of the proposed new high school.

This will give an opportunity for every voter to express his or her views on this very important subject. Matters of vital importance to every citizen in Brainerd will be brought out and discussed.

The meeting is under the auspices of the Northeast Brainerd Improvement League, and the committee on education is devoting much time in an endeavor to arouse the attention that the proposed new high school merits. The meeting should draw a large attendance.

OBITUARY

Richard Ludlow Died Monday Fol-
lowing Extended Illness,
Funeral Tuesday Afternoon

Richard Ludlow passed away Monday afternoon, following an extended illness, death resulting from cancer of the stomach. The funeral was held from the family home at Merrifield Tuesday afternoon at two o'clock, Rev. E. A. Cooke officiating, and interment was made in Evergreen cemetery, Brainerd.

Mr. Ludlow was born on July 9th, 1856, at Racine, Wisconsin. He came to Minnesota in 1876, first settling at Faribault, where he was united in marriage to Miss Emma Prossby.

Three years later the family moved to a homestead near Dawson, Lac Qui Parle county, where he was one of the pioneer residents.

In 1914 he purchased the Fred Stropp farm north of Brainerd, where he lived until his health failed and he sold it and moved into Merrifield. He has made his residence in that village for the past five years.

He leaves to mourn his loss his widow and six children, Robert L. of Gilbert, Minn., Walter R., of Brainerd, William E., of Falmouth, Michigan, Mrs. O. D. Thompson, of Porter, Minn., Mrs. E. S. Jones, of Spokane, Wash., and Mrs. G. R. Pratt, of Merrifield. Also his aged mother, a brother Edward, of Dawson and a sister, Mrs. Esther Byers.

While it is generally admitted that Wills has a right to try for the championship, there isn't a single good reason to believe that he can beat Dempsey. On the contrary, there are many reasons to take Dempsey's word that he would knock Wills out in three rounds.

The welcome accorded McDonald and Grayson was scarcely less than that of Russick, but both men and dogs were hustled to their quarters for refreshments and a rub down after their arduous trek over 200 miles of northern wilderness.

"My stomach and liver trouble made a regular grouch of me. I was sore at everyone, including my wife, and we quarreled every day since the wedding. She is a dear little girl and I know it is my fault. Mayr's Wonderful Remedy was recommended for my stomach trouble, and since taking it I have felt like a new man. My wife and I now get along beautifully." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.—ad

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly, keep the feet dry, avoid exposure, and above all, drink plenty of good water and avoid eating sweets of all kind.

Rheumatism is caused by body waste and acids resulting from food fermentation. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidney to do double work; they become weak and sluggish and fail to eliminate this waste and acids, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste matter, also to stimulate the kidneys, thus often adding the blood of rheumatic poison.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.—Advt.

One motorist writes: "I have been using Polarine exclusively and my engine is not corroded with carbon deposit and residue."

1940-1941

Another says: "Since using Polarine, we have reduced our repair bills materially, and on examining our motors from time to time find only a very little carbon."

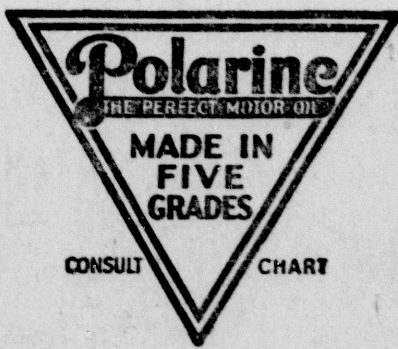

Dozens of other letters speak in the same strain.

The reason is clear. Dyke (a leading automotive authority) says, "To reduce carbon to a minimum, the lubricating oil must be of high quality and of correct body for the piston design and the lubricating system of your engine."

Polarine is scientifically correct. It maintains its body and will not break down at working temperatures. In creating it, petroleum chemists co-operated with engine designers. Every mechanical as well as every chemical factor was considered. The result is summed up in the chart at the left.

Follow this chart and have perfect, scientific lubrication — minimum carbon deposit—and lowest repair bills.

Use Polarine. Change your motor oil every 500 miles and refill with the correct grade of fresh Polarine. You will add power and life to your motor.
